	To earn the rank of Eagle Scout, I needed to complete a Eagle project that would demonstrate my leadership skills and benefit my community. I needed to get my project approved, create a plan to complete my project, raise all the necessary funds to purchase materials, and lead a group of volunteers. My project was a 0.35 mile nature trail that I built at my local park. I named the trail after my neighbor who unexpectedly passed away in 2016.
